Message from Chairman

We entered 2021-22 having a plan to contributing a significant role in the 17 Sustainable Development Goals. (SDGs) This is one of the most pressing yet exciting challenges today's world is facing today after the Pandemic-19 situation. For the first time in last 100 years the world is facing numbers of challenges and trying to overcome it in a strategic manner and KKF sets it's plan accordingly to contribute the maximum in this regard as per its capacity.

KKF is increasingly at the forefront of this movement. A provider and national advocate of holistic solutions to reduce poverty for last **3** years, following international ultra-poor graduation model by a renowned international organization in particular is being championed as a solution to help reach thousands of households nationwide that still live in extreme poverty.

Established in 2018, for the ultra poor approach targets households left behind by economic growth or mainstream development interventions we started numbers of new programs named **Swanirbhor**-a interest free loan, Program for the vulnerable **Shufola**-Sustainable Livelihoods for the improvement of destitute farmers, **U-turn**- for the population who are involved in unsocial vulnerable profession and so on.

The program models are developed in such a way that it supports them towards building sustainable livelihoods through a powerful combination of asset transfer, enterprise training, financial services, healthcare, mentoring and social integration.

“ Together towards Sustainable Development and Bright Future ”

Last year through our programs we have reached more than **1,750** families and approximately **246,857** people and for this year also targeting more.

Our all the program initiatives comprises advocacy efforts and technical assistance on how to adapt and implement the approach effectively, in different environments integrated through our capacity development program. Our development programs are funded partly from internally-generated revenue and mostly grants received from internal sources. And for this I am ever grateful to all of our individual donors.

Our home-grown solutions in education, health, financial support for the poorest and other development areas now reach all over the countries. This year we conducted our food program in all the **64** districts of Bangladesh during the month of Ramzan.

Round the year we also served and provided all kind of basic facilities to **1200** distressed children through our

Joy Shokol Shishur program. Round the year provided health care facilities and medical camps in different part of Dhaka City and different districts in Bangladesh.

We have never faced bigger challenges like this but I truly believe that, as a community, we have never been more equipped, more connected or more ready to face them. I am filled with a genuine feeling of hope as we look ahead into 2022-23. I look forward to sharing the journey with you and thanks and dua for all the KKF team members for their efforts and hard works.

Arch. Md. Nazherul Quader

Message from Executive Director

Assalamu alaikum. I am feeling extremely honored and privileged to present the foundation's 2021-2022 Annual Report to all of you. The journey after and during pandemic wasn't an easy one for a new foundation like us. However, with the help of our dedicated team and supportive donor's effective moving forward was a bit easier.

This year foundation started number of exceptional program which wasn't implemented before by any other organization in home and abroad. The pilot program was a very successful one, so foundation expanded the program accordingly. Let me update you all about our few signature project of 2021-2022

Let's begin with Project **U-Turn** a research it was found that only in Dhaka city numbers of floating sexworkers are more than 30 thousand. Majority of them are either forced or trapped. Lack of opportunity and social stigma if they want to live a normal life, society doesn't allow or permit them to do so. For the first time in the history of Bangladesh **KKF** implemented a program for these disadvantaged group named Project U-Turn. Under this program foundation rehabilitate the sexworkers who want ot move from profession and want to start life in a new way. Foundation through sustainable capacity development training enhance their skill and as per their quality and choice either arrange job or help them to start a business. Till date we rehabilitated 40 women from their previous profession along with training and job allocation. Foundation also provides complete facilities for their child/children through its **Joy Shokol Shishur** program. Their children received safe shelter, nutritious food, education facilties and other relevant services from the shelter house program.

Project **Swanirbhor** is another milestone for us. For the first time in the history of Bangladesh development organization is providing interest free loan among the beneficiaries through its **Qard-e-Hasanah**, **Shufola**, Project **Unnoyon** and Project **Swanirbhor**. After the success of the pilot project of these programs foundation invested for more **40** participants in **Swanirbhor** and **370** farmers under **Shufola** and Project **Unnoyon**.

Through **Swapner Hut** program we enhance the capacity of underprivileged children on how to make crafts, paintings, home decor items and so on professionally. From the online **Swapner Hut** platform they are also learning basic photography, editing, illustrations and enriching their creative writing skill to sell the products. **Swapner Hut** food creating income generating opportunities for the talented home makers who are excellent in cooking and making home made pickles or sweets. Foundation is creating a market for these group as well through its **Swapner Hut** platform.

To ensure nationwide safe drinking water for all, through our **Mayeen** Project, foundation set number of double layer platform tubewells in the remotest char areas of Bangladesh and number of reservoirs in the hill tract areas of Bangladesh. For safe motherhood and hygiene delivery in the remotest part of the country, Foundation started its first training/workshop in **Erendabari, Jamalpur**. The name of the project is '**Safe Motherhood- Right not Need**'. Under this project foundation is providing training to the local midwives effectively and efficiently.

This year with the support of its donors in the month of Ramadan we provided hot meals among **182500** people in all **64** districts of Bangladesh.

“ Step by Step Moving towards Exceptional Achievements and Success ”

Round the year Foundation provided safe shelters, food and other basic need facilities to more than **1500** under privileged children. More than **700** children received formal, non formal and pre-school facilities from foundation.

Our humanitarian response team is prompt to respond any disasters. We provided facilities through number of campaigns and **Winter Drive** is one of them. We provided donation to Pirganj fire victims and also organized medical camps for flood affected people along with relief.

Our **Covid Registration** for the distressed slum people received praise from different level. In slum areas earlier the covid registration facilities were not available and foundation in his regard gave door to door service to complete the registration procedure along with follow up.

Step by step we are moving towards success and working to reach our destination. I am grateful to all our donors, honorable board members and special thanks to my **KKF Team** for their utmost help, support and co-operation.

Sifat-E-Azam

Syeda Kamrunnessa Khatun

She was born in a well-educated and religious Muslim family and She was raised in Oshtogram, Mymensingh, Bangladesh along with her six sisters and five brothers. Kamrunnessa Khatun was the daughter of Syeda Shareka Banu and Khan Bahadur Syed Moazzem Uddin Hossain. She got married to Dr. Md. Abdul Quader when she was quite young and later on became a proud and beloved mother of four daughters and four sons.

Being a mother and homemaker, she handled all her work with lot of affection, empathy, and kindness. Despite facing several struggles during her lifetime, she made sure that every challenge was faced with a strong sense of resilience and patience. She was a disciplined person and strongly believed in “simple living and high thinking” just like her father. She made sure that all her children received good education because she knew the value of education.

This kind of high-spirited and caring nature helped her nurture her big family. Along with her family she also care for the poor and needy people. Her sympathy and attention towards helping the poor, whenever possible, was admired by her children, close ones and neighbors. No matter what the situation was, she taught her children not to give up hope, to combat the difficulties with courage and to work hard with honesty.

Rooted in Syeda Kamrunnessa Khatun’s dynamic personality, perspectives and way of life, KK Foundation wishes to use her inspiration and transform into action. KK Foundation remembers her with utmost respect and gratitude.

CHAPTER 1

About KK Foundation

About

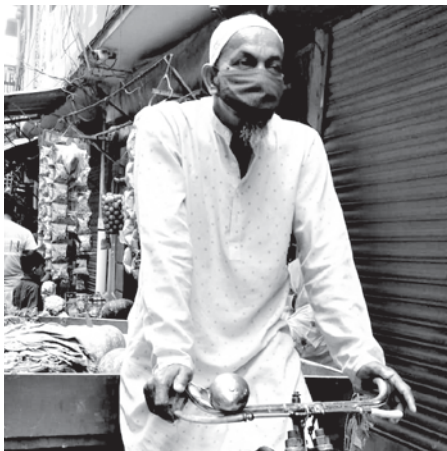

KK Foundation

KK Foundation (KKF) is an independent nonprofit charity, committed to bringing about better lives for the disadvantaged people in Bangladesh. The Foundation's social welfare and humanitarian journey started in 2011, in commemoration of the noble deeds of Ms. Kamrunnesa Khatun. KKF works to improve the lives of the underprivileged and disadvantaged groups of people in society by providing them with the opportunity to live full and independent lives.

KKF engages with initiatives for the marginalized and underprivileged population to bring them into mainstream development as active participation is a pre-requisite to their sustainable development. KKF works with a vision for change—a vision to bring qualitative changes in the lives of the underprivileged, especially through supporting the access to quality education, nutritious food, safe water, shelter and sanitation for the underprivileged children all over Bangladesh.

KKF works to bridge the gaps and empowers the educated unemployed youth, women and marginalized farmers to participate in income generating activities and establish them as independent, socially active, self-employed and successful entrepreneurs. KKF also makes pure, unadulterated and quality food available to the urban population for a healthier living.

Mission

- Be the catalyst to make a lasting difference in the lives of the deprived people.
- Strengthen the disadvantaged, marginalized and neglected people of Bangladesh through empowerment in social, economic, financial and other aspects.
- Expand employment and livelihood opportunities for the vulnerable population through ensuring participation in education, training, health security, entrepreneurship and social activities.

Vision

KKF's vision for Bangladesh is that of a country of vibrant, inclusive communities where social enterprises thrive to ensure **sustainable** and **equitable development** through capacity building and promoting entrepreneurship and transforming the lives of the most disadvantaged people.

Objectives

- Assist the underprivileged people to engage in self-development and facilitate their socioeconomic mobility.
- Reduce poverty, inequality and vulnerability and promote entrepreneurship.
- Build an enriched Bangladesh by making lives better for all people.
- Contribute to the sustainable and inclusive development process, both locally and globally.

Values

- Pledges to ensure transparency and accountability in all aspects of its operation.
- Ensures inclusiveness and empowerment for all.
- Works to ensure a lasting impact of everything that we do.
- Maintains unity at work.
- Strives to carry out its tasks in innovative and standardized ways.

Goal

KKF's goal is to address the needs of disadvantaged people and help them to create a better future.

The Governance

KK Foundation is governed by a two tier governance body the Governing Body and the General Body. The core governance lies with the Governing Body of the organization. It embodies seven members, including the Executive Director of the Foundation.

The General Body

The General Body acts as the supreme authority of the organization. It is responsible for policy direction and guidance as well as ensuring the effectiveness of the organization. It comprises of 14 members including the seven members of the Governing Body.

The Governing Body

The Governing Body acts under the supervision of the General Body. It has the responsibility to pursue and carry out objectives of the organization. In order to focus on the organization's intended goals, it determines the direction and scope of the activities.

Arch. Md. Mazherul Quader renowned architect and Chairman of X-Index Group of Industries is the Chairman of the Governing Body and the General Body of KK Foundation. He is a prominent entrepreneur and success driven figure in business community of Bangladesh with a diversified business portfolio. He is an eminent business personality who has been involved with over 330 projects at home and abroad.

Ms. Sifat-E-Azam is the Executive Director of the Foundation. She has more than 20 years' working experience in the NGOs and social development sector and teaching in a number of reputed universities both at home and abroad.

She has also worked with the Palli Karma-Sahayak Foundation (PKSF) and the Institute for Inclusive Finance and Development (InM) for several years.

Status

KK Foundation is registered with the Registrar of Joint Stock Companies and Firms under the Societies Act of 1860. It is also registered with the NGO Affairs Bureau, Prime Minister's Office of the Government of the People's Republic of Bangladesh.

Senior Management Team

The Senior Management Team of foundation is led by the Executive Director and comprises of the Chief Advisor, Senior Advisor, Advisor-Development Program, Director-Finance, Administration and others, who meet monthly to review and plan the operations of the organization.

CHAPTER 2

Social Development

JOY SHOKOL SHISHUR

Who are we?

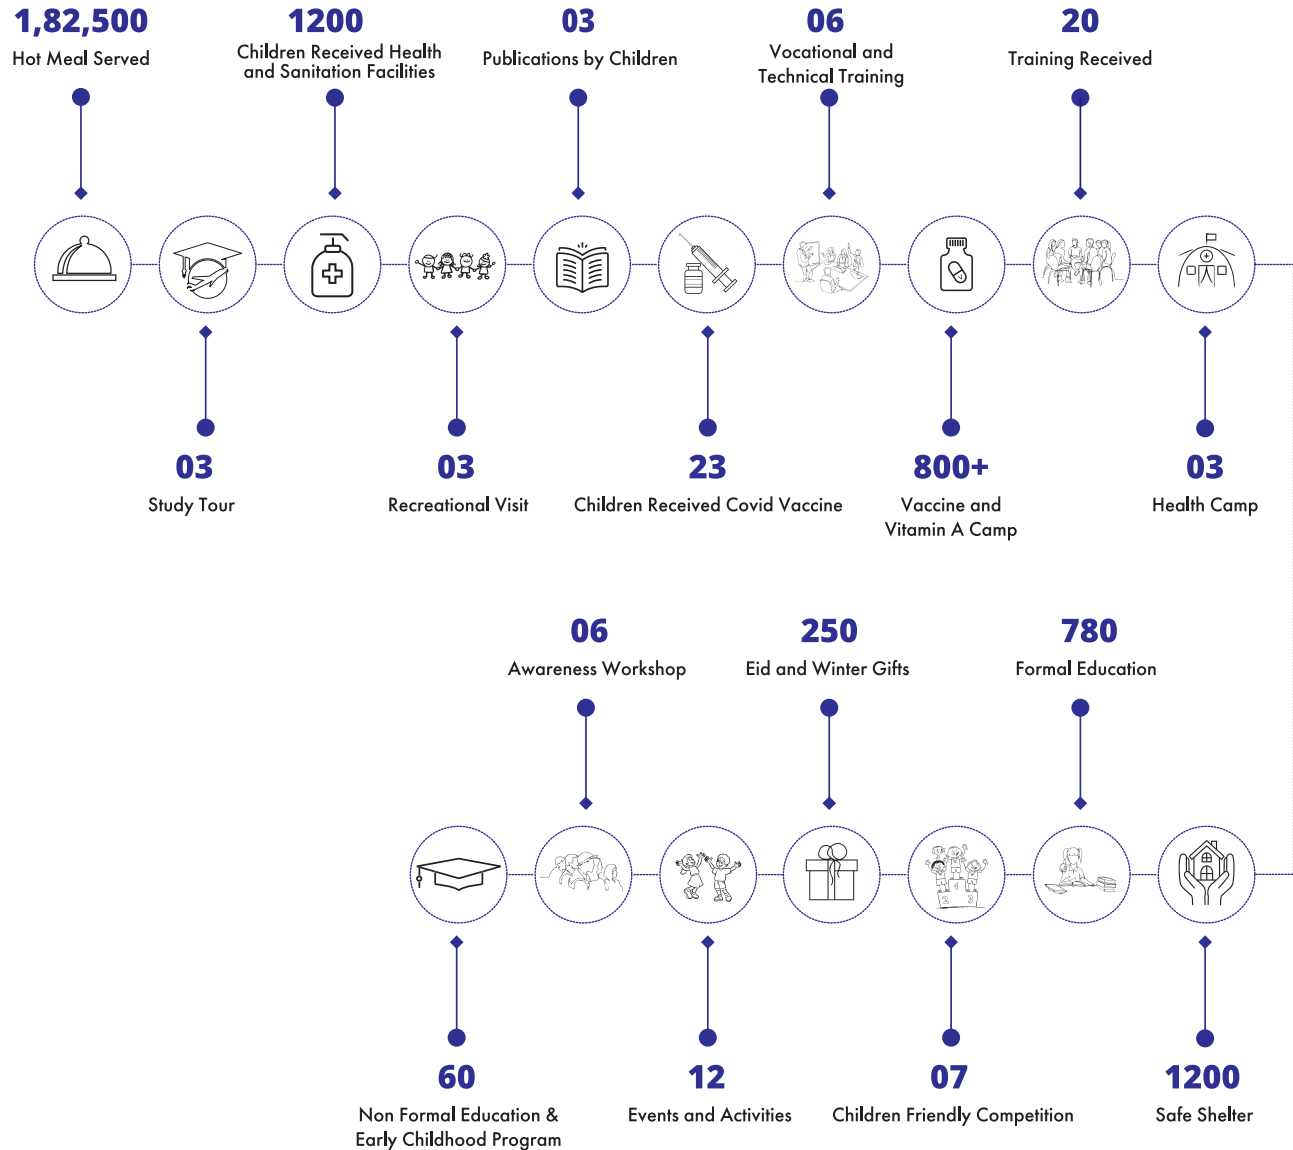

‘Joy Shokol Shishur’ blessing home is a registered shelter home – an initiative of KK Foundation which has been founded to aid in rescuing children from situations of abuse, homelessness or severe neglect. We do this by giving residential care, supporting education, medicine and opportunities for self-sufficiency and dignity.

The home started its journey in November 2018 by Arch Mazherul Qader, a philanthropic social worker, to protect and heal children victimized by neglect, exploitation and homelessness; also from the abusive and uncaring environment of the slums of Dhaka and poverty stricken villages beyond. We believe this program makes a big difference in these young lives.

The journey began with three children since November 2018 and now it is providing shelter to more than 75 distressed children. The home is equipped with good facilities and proper supervision ensuring that every child can look forward to a better future. Well trained staff and caretakers look after the children with love, warmth, security, and stability that only a home can provide.

Joy Shokol Shishur

Activities at a Glance

Non Formal Education

Background

For the betterment of the underprivileged children, foundation has a long-term plan to start school for them. As a part of the activities, with the help of relevant field advisors and academics, foundation has prepared book for the early childhood development program.

Initially, it has a plan to implement the program for the early birds of Joy Shokol Shishur Program with close monitoring and supervision. After observing and learning from the result of the first batch, from next year Foundation has a plan to expand its program nationwide.

Inauguration of KKF Non- Formal Education

At the non-governmental level, KKF has a plan to participate as non-formal education service provider in Bangladesh to contribute and create a direct impact on SDG 4 directly. As a part of that foundation introduced two non-formal education program from March 2022.

Early Childhood Development offers a center-based learning for two years plus children.

The curriculum is fully play based that serves early learning stimulation. **Pre-Primary School** where a teacher and 5+ years old children will learn in a friendly and

playing environment. The journey started with 15 students who are currently living under foundation's Joy Shokol Shishur program.

The inauguration of the program was held on March 6, 2022 at the program office of the foundation. Ms. Sifat E Azam, Executive Director inaugurate the program and took the first few weeks classes as a part of the Teaching Pedagogy Practical Session for the teachers.

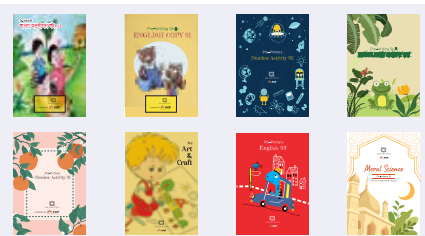

Early Childhood Program

Under early childhood program, through Montessori Method children are taught through craft making and jolly phonic simultaneously.

Non Formal Education

The assessment of 15 children of non-formal education was held on June 18th and 22nd. The 1st quarter result was published on 28th June and all of them achieved satisfactory result.

Publications for Nonformal Education

KKF EDUCATION

FORMAL EDUCATION

Education is one of the basic rights of every person in this world. In line with the National Education Policy 2010, KKF's strategic vision for the next five years ensures inclusion and equitable quality education and promotes lifelong opportunities for all (SDG 4). In Bangladesh, there are many children who are deprived of education in both rural and urban areas.

KKF is working on providing both formal and non-formal education to underprivileged children in the country. The aim of this program is to ensure the right to education for the deprived children.

Moreover, there are a number of schools all around Bangladesh that are receiving donation from the foundation. At present, 60 students are receiving monthly financial support for their formal education from us.

MAYEEN

Everyone on the Planet deserve to have access to clean and safe drinking water. More than 665 million people in the earth live without it. In Bangladesh as per UNICEF Repeat 2018 only 34.6% population have the access to save drinking and clean water. Foundation wants to take an initiatives to contribute and change the situation in this regard creating it's population in the SDG 6 goal.

Mission

The Mission of this project is to ensure clean and safe drinking water to people of Bangladesh especially for the people of remotest and difficult of the country.

Implementation Plan

KK Foundation doesn't focus only on the numbers of people they are focusing on the numbers of people we are serving rather than the effective use it. Considering the issue in 2019 foundation launched a program named "Mayeen"- means **Fresh Water Stream**, to help the community through impactful, innovative and sustainable manners.

We are providing the facilities through **"MAP"** Framework Model which implies-

M- Major Review

A- Annual Check-in

P- Post Implementation Plan

The reason behind choosing this framework because when Foundation look at these five indicators together, not only it helps to understand the impact of the existing work but also helps to improve the approaches for future water projects.

MAP Framework

This is a comprehensive Framework and before investing the money the program measures five different components

- 1 How much did the efforts improve access to clean water?
- 2 Did the work foundation funds improve the quality of water people are drinking?
- 3 Are more people able and willing to use a clean water and safe latrine?
- 4 Did the efforts successfully encourage families to practice good hygiene and hand washing?
- 5 Is there a system in place to manage water, sanitation & hygiene?

Water, Sanitation and Hygiene

When foundation fund a clean water project the work is not done when the water arrives. Local communities are also trained on the importance of sanitation and hygiene, because e improving an access to water, sanitation, and hygiene all together can prevent more than 1,000 deaths of children under five every single day. (UNICEF/WHO2015)

Diverse Solutions

Bringing clean water to people looks different in each location water sources, terrain, and population all play a part in determining what technology is required to serve people well. To meet the needs of each community KKF serves, implement different technologies in different places-including drilled wells, rainwater catchments double platform and more.

An Emphasis on Remote and Rural

Nearly 65% population who don't have access to clean water live in rural and remote areas of Bangladesh. So we focus our work on the hardest-to-reach parts of the country, where the need for clean water is greatest.

Invest in Local Partners

Whenever we fund a project, we partner with carefully-chosen local experts. Every partner we work with has a community-centered approach, excellent reporting practices, and a deep knowledge of effective, sustainable water project implementation in their area. When the project began we made a bold promise that 100% of public donations would go to funding project Mayeen.

Before

Cumulative Impact since 2019 till date

Through Project Mayeen Foundation is already providing services to more than 5000 people around the country with clean water. Altogether, with the help of the donors we ensures 8 numbers of water sources till date. We set them in Bharatkali, Paler Char, Jontir Kanda, Baliapara, Kalapani and Mongla para giving 5000 flood victim and hilly people access to fresh flowing water, every single day.

After

Impact

Those **5000+** people who no longer rely on contaminated water to quench their thirst

At least **1000** girls who no longer miss school to walk miles for fetching their family's daily water supply.

More than **2,500** children & elderly people who are no longer susceptible to life-threatening water-borne disease, and countless animals who can now stay hydrated and healthy, offering their fresh dairy for consumption.

COUNSELLING

KKF provides a range of counselling services to help the staff as well as the children with psychological pressures and anxiety issues to cultivate positivity and promote sound mental health.

Both privileged and underprivileged groups are the subjects of concern. Underprivileged groups are prone to

various hazards and they are victim to many traumatic situations. We offer counselling support for them to cope up with post-traumatic stress. In addition, we provide psychological help such as stress management, conflict management, proper parenting etc. for the public along with our regular program beneficiaries.

MANUSHER JONNO

By the People for the People

Eid Food Distribution among the Distress

On the occasion of Eid ul Fitr KKF distributed improved lunch among **470** Numbers of distressed people in different parts of Dhaka city.

Sylhet Emergency Flood Relief

1st Phase

As the Surma and the Kushiara keep rising, more and more areas of Sylhet and Sunamganj are going under water every day and large number of flood victims suffering from scarcity of food and drinking water. As per the dailies around 20 lakh people have been affected by the flash floods in the two districts.

In a joint venture with Give Bangladesh, KKF started its first phase campaign "Fight against Flood" and distributed relief among **300** families on May 23, 2022. The team covered Syedabad, Latargaon, Rabardam, Baishakandi, Mahishapur, Bahadurpur, Sinakandi, and Rahmatpur villages of Islampur Union of Chhatak Upazila and Barbara Primary School, next to Mughalpara Mosque, Hadapandab Bazar.

Each relief package contained **7** kg chira, **1** kg molasses, **10** pieces oral saline, **2** packets biscuits, and water purification tablets.

2nd Phase

Sunamganj Division, Sachna Union, Rahimapur, Arshinagar, Baghati, Horihorpur villages **400** Emergency Rations were distributed.

In Tahirpur, **100** Emergency Ration and 300 cooked food packets were distributed among the flood victims.

3rd Phase

In the third phase of the last emergency response, the relief were distributed to **400** people of Ballabpur on 25 June, 2022 in Chatak. **7** kg rice, **2** kg potatoes, **½** a kg pulse, salt, candles and water purification tablets were included in the package.

Winter Gift Box from Rotary Club of Dhaka

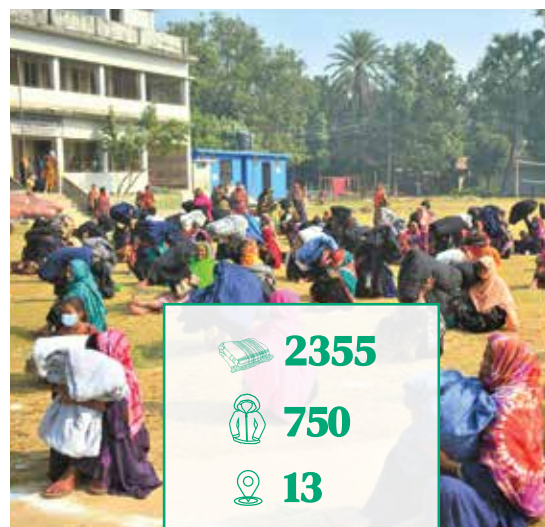

Master Md. Rasel Received Disable Allowance from the Government of Bangladesh

Master Md. Rasel is a special residential child of Joy Shokol Shishur Program. This child is receiving the facilities of safe shelter, nutritious balanced diet, health care facilities and relevant services from KKF.

On behalf of Rasel with the help of Bank Asia, foundation has opened a bank account for him and after the completion of all the relevant activities, Rasel received 9000 (nine thousand taka) disable allowance for the first time from Bangladesh Government.

Warm Clothes and Blankets Drive

SAFE MOTHERHOOD Right not Need

SAFE MOTHERHOOD

There is a touch of development in the health sector of Bangladesh, but development has not been yet reached in the majority chars and remotest areas of many districts. In most cases till date complete healthcare facilities are not available in the community clinics. The char areas are the most vulnerable in his regard surrounded with various irregularities. Regarding health services chars of Erendabari, Gaibandha is one of the most notable area which deprived from basic health services. Last three years' foundation has the opportunity to work closely here along with numbers of projects and identified this fact.

BBS (2020) Facts

01

The infant mortality rate under 1 year is 21 per thousand live births.

02

Neonatal Mortality Rate is 15 per 1,000 live births.

03

The post-neonatal mortality rate for children aged 1 month to 11 months is 6 per thousand live births

04

Maternal Mortality Rate is also 1.38 per 1,000 live births in rural areas and 1.6 per thousand live births.

Why Erendabari Gaibandha?

As it is very difficult to reach healthcare in Gaibandha's Erendabari Union Char areas, the people here usually deal the maternal delivery activities through incompetent midwives. Since the midwives are not well trained and equipped, in majority cases there is a high risk of bleeding and complications during delivery time. As a result, the lives of both mothers and children who are at serious risk.

Implementation Plan

KKF in a joint collaboration with Give Bangladesh Foundation is implementing its new 6 months based training program named **Project Safe Motherhood- Right not Need**, to reduce maternal and child mortality through trained midwives. The program has been started from April 2022.

PROJECT NAZIFA

Some Facts (UNICEF 2022)

01

Worldwide, 2.2 billion people still lack access to safe drinking water.

02

More than half of the global population does not have access to safe sanitation.

03

Three billion people do not have access to handwashing facilities with soap.

04

Still, 673 million people practice open defecation.

Rational

Growing up in a clean and safe environment is every child's right. Access to clean water, basic toilets, and good hygiene practices not only keeps children thriving, but also gives them a healthier start in life. Despite COVID-19 putting the spotlight on the importance of hand hygiene to prevent the spread of disease, three billion people worldwide, including hundreds of millions of school-going children, do not have access to handwashing facilities with soap. People living in rural areas, urban slums, disaster-prone areas and low-income countries like Bangladesh are the most vulnerable and the most affected.

The consequences of unsafe water, sanitation and hygiene on children can be deadly. Over 700 children under age 5 die every day of diarrhoeal diseases due to lack of appropriate health and sanitation services. Autistic children are nearly 20 times more likely to die from diarrhoeal disease than from the normal children.

Project Nazifa – Personal Health and Hygiene Project for the Underprivileged

Foundation in collaboration with *Dhaka North City Corporation, Department of Social Welfare, Ministry of Women and Children Affairs, Kuwait Bangladesh Friendship Government Hospital, Dhaka Ahsania Mission, Uttara Women's Club, Uttara Adhunik Medical College & Hospital, Rashid Foundation, Protibondhi Seba O Sahajjo Kendro, Jatio Protibondhi Foundation, International ASF Legal Aid Foundation.* organization started a project since June 2022. The main purpose of the project is to aware and improve the Personal Health and Hygiene Project for the Underprivileged children specially the autistic children of slum areas of Bangladesh.

Selected Areas

In Dhaka City foundation choose the following areas Ward **1, 45, 48** and **49**

Target Audience

- ✓ 300-400 participants
- ✓ Family that has autistic child/children
- ✓ Underprivileged street children from age group 10-19

Proposed Activities

- ✓ Preliminary basic health service
- ✓ Advocacy, awareness and Capacity Building
- ✓ Monitoring and Evaluation

Duration- 1 year

Project TURN

Background

While aiding out marginalized communities affected by the COVID-19, foundation worked with an organization named 'Bachte Chai', which is operated by an ex-floating sex worker at present who is an activist and working dedicatedly for the struggling mobile sex workers of Dhaka City who want to move from the profession.

Our expertise team immediately formulated a 180-degree plan and launched a project named U-Turn. The main objective of this program is to work with those sex workers who desperately want to move out from the profession and because of the taboo, social circumstances or for the external forces failing to do so and incorporate them with respected livelihoods.

Foundation is giving the priority more to those who have children or who are very new in the profession. It also rehabilitates their children in its Joy Shokol Shishur Program and train the mother in numbers of areas along with job opportunities.

Implementing Plan

Foundation initially conceptualized and planned a campaign of rehabilitating eight floating sex workers and managed a new profession for them, along with keeping their children in a shelter home and taking the full responsibility of their guardianship until they attain the age of maturity.

KKF established a training center equipped with number of tailoring supports and facilities. The package includes sewing training and a particular workplace- for each of them. A professional trainer is training the participants and at the end of the training successful trainee receives job opportunity either in tailoring shop or in garments factories.

Program At a Glance

- 📅 Time Frame (2.5 Months)
- 🕒 Session 11:00 am - 4:00 pm (6 Days/Week)
- 👥 Each Batch 8 Participants
- 📍 Training Center – Sabuibag, Mugda, Dhaka

During the session, participants receive lunch and transport facilities. Till date, 40 participants received the training and working in their desired places.

CHAPTER 3

Social Enterprise

SHUFOLA

Sustainable Livelihood for Farmers

Background

Across the northern region of Bangladesh, flood is a frequent occurrence in monsoon. This sudden shocks decimate crops, leaving low income farmers indebted and lowering their future income potential as access to credit disappears. This is further complicated by the following:

- 1 Information asymmetry about best agricultural practices
- 2 High interest on loan and microcredit
- 3 Unavailability of agricultural input
- 4 Lack of proper market access
- 5 Traditional crop production results low and fixed profit margin

Objectives

- 1 Help the farmers break the cycle of debt
- 2 Encourage farmers to cash crop production
- 3 Guide them to Increase their present and future income
- 4 Provide them interest free capital to cultivate the crops for three seasons (one year).

Action

- 1 **KKF** has promoted the adoption of ideal cash crops such as corn and chili pepper.
- 2 **BDT 20,000-25,000** provided to a screened group of farmers
- 3 Assistance in the form of an agricultural card (to prevent misuse)
- 4 Card is used to buy seeds and fertilizers over two crop-seasons
- 5 Facilitating training through specialized trainers
- 6 Setting local agricultural input distributors so that the quality inputs are available for purchase at the beginning of each crop season

SWAPNER HUT

Swapner Hut
স্বপ্নের হাট

About

Swapner Hut is launched on the occasion of the 50th of Independence of Bangladesh. The main objectives of the program is to engage the destitute community of the country whose existence is not accepted by the family still they exist like street children, sew workers, transgender, and so on. Another broader objective is to make it a revolutionary platform and retail industry with high standards for quality and artistry. This iconic brand will be a blend of traditional with the contemporary in a way that never cease to win consumer appeal at both home and abroad.

The foundation acts as Swapner Hut's production hub, where destitutes, artisans will be trained as well as find employment and access to many well-being programs such as financial subsidies for health expenditures, access to Qardh e Hasanah and saving instruments, legal aid, daycare for working mothers, awareness on rights and access to government benefits, and so on.

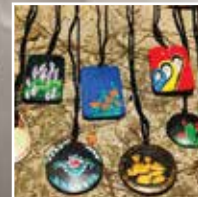

The main motto of the program is 'By the Destitute, For the Destitute'

Values

Respect, Innovative, Comprehensive, Efficient, Inclusion

Mission

The mission is to empower people and communities in situations of poverty, illiteracy, disease, and social injustice. Swapner Hut interventions aim to achieve large-scale, positive changes through economic and social programs that will enable women, men, socially excluded adolescents, and children to realize their potential.

Products of Swapner Hut

PROJECT UNNOYON

With the help of a few qualitative survey, it was identified that for the betterment of the marginal farmers a comprehensive package of financial help, awareness, training, and social and community development will help them more effectively. As per KKF's impact evaluation results from previous pilot projects in the area, this approach is likely to improve the overall condition of a farmer household in a given community.

Our Beneficiaries

Our beneficiaries are farmers and their households, belonging to both genders, possessing farming lands that are passed down from ancestors or through leasing. Most of our beneficiaries are in heavy debt and repayment is difficult due to high-interest rates (especially when it comes to micro-credits).

Working Areas

Two (2) villages in the river delta of Jamuna River in Gaibandha. Moddho Harichandi has approximately 600 families, and Uttor Harichandi has approximately 550

families. Nearly every household in the area is involved in agricultural production (crops and livestock) to make a living.

Considering the availability of the fund initially for one year we have a plan to work with 200 families from both the villages.

On dated 24th February KKF disbursed the fund of its portion to the Executive Director of GUS. On the occasion Ms. Sifat-e-Azam, Executive Director, KK Foundation, Mr. Mannan Akand, Executive Director, Gono Unnoyan Songstha, Mr. Saifullah Mithu, Founder, Give Bangladesh were present.

SWANIRBHOR THROUGH QARD E HASANAH/ZAKAT

‘A loan without any interest and service charge.’

Swanirbhor is a Bengali word that means self-dependent. Qard e Hasanah is an Arabic word means a benevolent loan. Though all loans in Islam are interest-free and Qard e Hasanah is that interest and collateral-free beautiful loan. The pandemic teaches us a lesson of a lifetime. Foundation from the year 2020 started a program named Folon through which it started helping the destitute farmers with this loan. While working with them it also discovered apart from the farmers there are some other professionals who also need this kind of loan.

In the Islamic community, Muslims are obliged to pay a percentage, annually under Islamic law on certain kinds of property and use it for charitable and religious purposes. But in Bangladesh, using Zakat's money, people tend to purchase clothing and distribute those to the poor. This results in momentary happiness in the destitute family but doesn't bring much development in their lifestyles. To make appropriate use of Zakat money, we initiated to create a Sustainable Livelihood project titled *“Swanirbhor through Qard e Hasanah”*.

Background

This was first implemented by KKF in 2019 at a very small scale involving only three families to see its results. Considering its positive outcome, we held it a bit larger scale in 2020, helping **18 destitute** families. Since the pandemic strikes and people's income shrunken we observed the **18 families** with proper training and guidelines.

In the beginning it was limited with the farmers later on foundation decided to implement the program in two stream- for the farmers its Shufola and for other profession its Swanirbhor.

This project involves raising Zakat money and using it to create an income-generating source for destitute families. We give the breadwinner of the destitute families, a chance to become an entrepreneur and thus improve their own living standards.

As an NGO for the first time in the history of Bangladesh KKF has launched a program that was never implemented by any of the organizations before. This pandemic taught us in many ways.

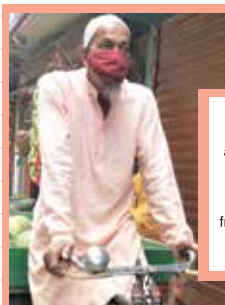

The family who lost their everything during this pandemic their numbers are not very less. KKF launched an interest-free program named Swanirbhor under which it is going to help and provide people interest-free loan for sustainable livelihoods.

On the inaugural and launching day Chief Advisor **Mr. Mahin Mazher**, Senior Advisor **Ms. Esha Mahin** and Executive Director **Ms. Sifat-E-Azam** was present and distributed the money among the beneficiaries. The program officially started its journey from November 2021.

The projects are being implemented in: Dhaka, Erendabari, Jamalpur, Keraniganj, Tongi and Gazipur.

"Because your Zakat worth and deserves the best"

Feedback from
Beneficiaries

Selling the vegetables in a basket and carrying it on head was really a challenging one for me at this age, considering numbers of health issues. Thanks KKF for the interest free loan which help me to buy a van to sell the vegetables. Life is much better than before now.

Ledu Mia, Vegetable Seller

Feedback from
Beneficiaries

Never thought that I will able to flourish my small shop in this way within this shorter period of time. Ever grateful to KKF for their interest free loan through Swanirbhor Program.

Sirajul Islam, Shop Owner

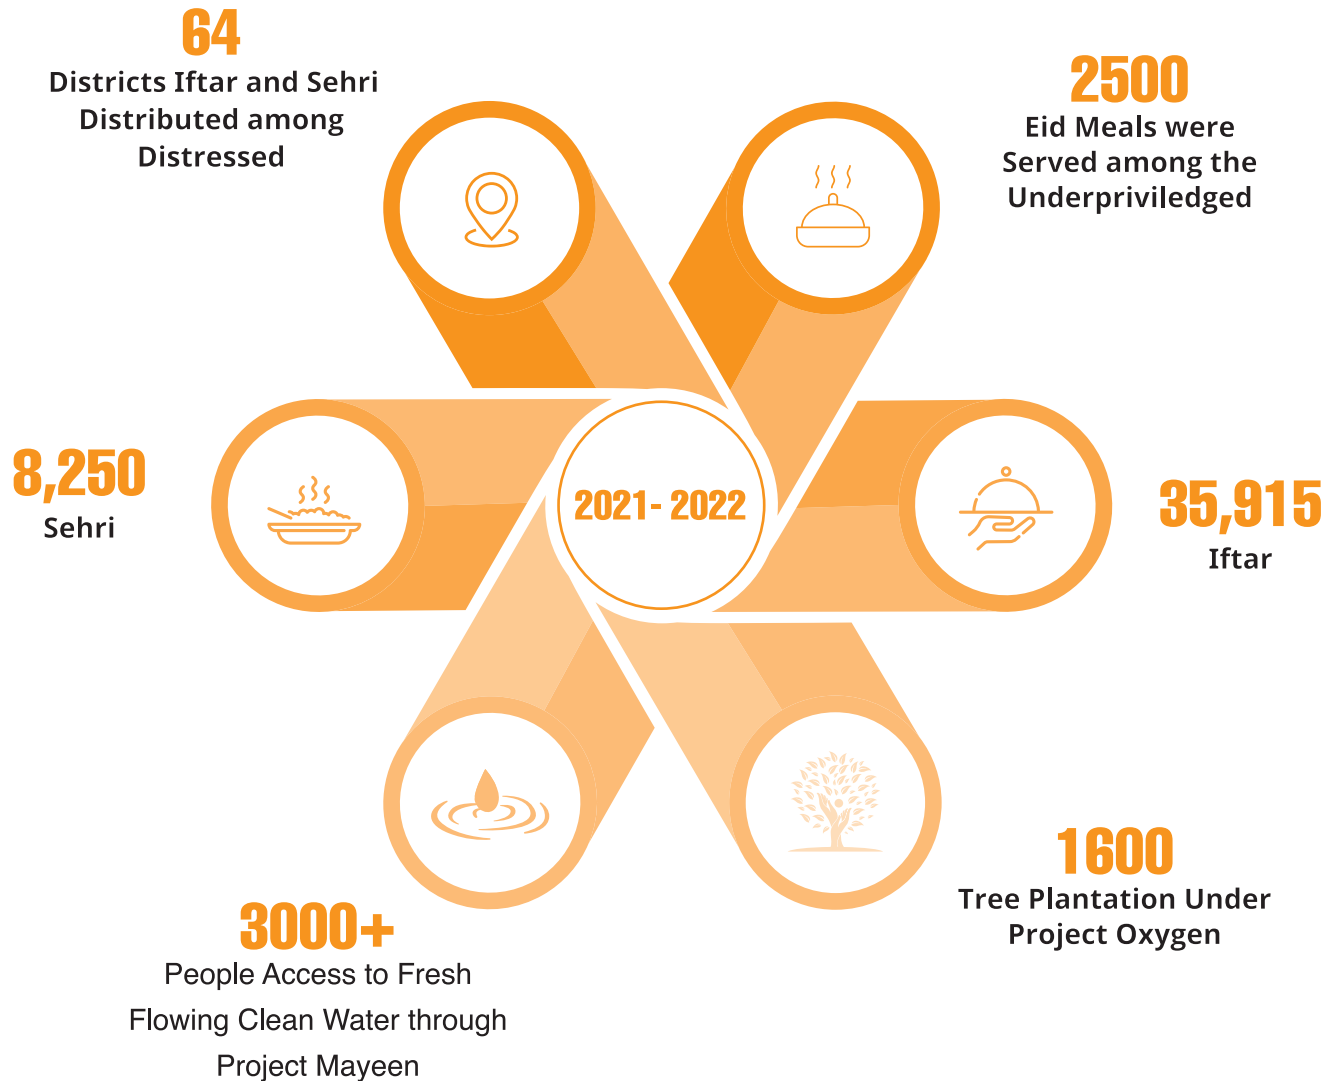

Feedback from
Beneficiaries

KKF's interest free loan for my small clothing business is a lifesaving tool for a widow like me who has to take care of all the things on its own. Words are limited to express my gratitude for program Swanirbhor.

Safia Begum, Small Business Owner

CHAPTER 4

Zakat , Qard e Hasanah
and Sadaqah Jariyah

Zakat , Qard e Hasanah and Sadaqah Jariyah

• VISION

KK Foundation is unique among humanitarian organizations in advancing zakat as a vehicle for social change. Foundation channels the egalitarian spirit of zakat into a global vision of social development that transcends national boundaries, and stands as the foremost authority on interpreting zakat as a factor for positive change.

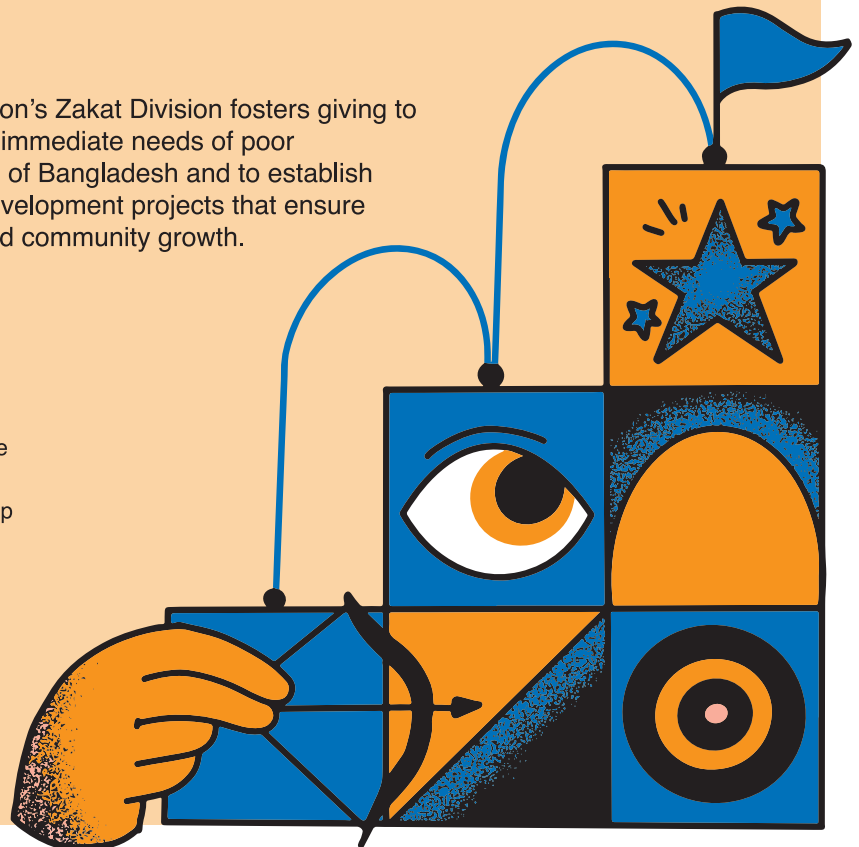

• MISSION

KK Foundation's Zakat Division fosters giving to alleviate the immediate needs of poor communities of Bangladesh and to establish long-term development projects that ensure individual and community growth.

• VALUES

- Excellence
- Sincerity
- Social Justice
- Compassion
- Custodianship

ORPHAN CARE Expanding Our Reach

Almost **10,000** children become orphans every day, according to UNICEF. There are at least **150 million** orphans in the world, and compelling evidence shows the true number is much higher — some say double — as there are millions more orphans not included in official statistics.

KKF'S orphan sponsorship program benefited hundreds poor and destitute orphans of Bangladesh specially in Dhaka City, providing nutrition, health care, education fees, and in most of the cases shelter. Round the year your donation also reached more than **10,000 vulnerable** or **abandoned children** through food, health and education programs.

Near future we have a plan to significantly expand our orphan care services to reach more children in need. We have already dedicated a staffed and well-trained department devoted solely to this purpose.

We believe in keeping orphans in a secured place when possible. We have one shelter home but planning to construct a Safe Home to secure shelter and facilitate the needs of more orphans.

EDUCATION

You helped us give more than thousands Bangladesh's most vulnerable children their dream of going to school. Now they can imagine a better tomorrow — a future free from poverty. From early childhood education to primary and secondary school, and on through college graduate degrees and professional programs, our education services remain a critical cornerstone of our humanitarian work.

HEALTH & WELLNESS

Health and Medical Care

With the help of numbers of medical camps KK Foundation served more than thousands person and severely impoverished women, children and men in some of the most marginalized and forgotten corners of the country.

Foundation also provided treatment for malnutrition, chronic illness, preventive care, maternity and reproductive health, free screenings and medications, basic health and sanitation, education, and much more. These health services you helped us to provide are a dream come true for people who lack access to safe water and sanitation and live in poor-quality slum housing, or no housing at all.

You also helped us to serve thousands, providing special medicines, dental kits, hygiene products sanitary napkins, to our health care programs those we provided numbers of remotest char of Bangladesh and deprived population.

Mental Health and Special Needs

To meet the demanding rise of depression, anxiety and an ever-increasing waitlist during this unforgiving pandemic, KKF quickly trained and hired qualified professional staff and shifted to virtual platforms, making services accessible to the growing number of person specially in need.

In addition to the web therapy sessions, the trainers coached people on how to manage mental health and family dynamics during the unfolding pandemic, and how to cope with anger and grief around this year's tragic accounts of systemic racism and police brutality. Orphanage and shelter house staff and children received trainings on how to support children/students stress related to academics and social isolation; community leaders received training on suicide prevention and other mental health matters.

QARD E HASANAH/ZAKAT FOR SUSTAINABLE LIVELIHOODS

Entrepreneurship & Vocational Training

Your donations lifted numbers of people out of poverty by teaching them marketable skills such as sewing and stitching, artisan and craftsmanship, calligraphy, photoshop and illustration, computer skills, and more. With these empowering skills, they have regained their confidence, entered the workforce, and now stand on their own two feet, no longer in need of your zakat.

— thanks to Allah's grace, and to you

Agriculture Cooperatives

We continue to give people access to a dignified livelihood through our Shufola (agriculture) program. This year, **one hundred and sixty farmers** received the benefits under this program, turning the distressed families into self sustainable and support themselves, their elders and their children, enabling them to go to school and towards a better life.

Photo from Farmer Baseline Survey

FOOD SECURITY

The challenge of a worldwide coronavirus pandemic did not stop our KK Foundation workers from delivering your Ramadan and Udhiyah packages to the most vulnerable. In previous fiscal year, delivering 1,47,400 meals among the most vulnerable destitute in Ramadan, and reaching 4000 people with donors udhiyah gifts (fresh — never frozen, never canned — sacrificial meat).

More than 1.6 Million of Food

KK Foundation successfully delivered over **1.6 million** food to the homes and hands of children, women and men; those homeless or in make-shift shacks, jobless or financially insecure; here at different parts of Bangladesh day after day, month after month from the start of the pandemic and still ongoing!

Hot Meals Year-Round

For last 3 years, we have been providing hot meals to malnourished and impoverished children and pandemic affected families of different affected parts of Bangladesh. Last year, we provided **2,26,665 (approx)** meals in total. Because of your support, these well-nourished children now can focus in class and gain an education for a hopeful future under a safe shelter.

PROJECT OXYGEN

1600 Trees

"If any Muslim plants any plant and a human being or an animal eats of it, he will be rewarded as if he had given that much in charity."

(Bukhari Vol. 8:73, No. 41)

"And the stars and the trees do prostrate (to Allah)." [55:06]

On 16 October 2021 KK Foundation planted 1600 trees in Ratankhali Village of Dumuria Khulna. Beside the coast of Gangrail river there are 5.5 km road and foundation planted the trees there maintaining proper rules and regulations. Since the area falls under the saline zone, trees are selected accordingly.

Foundation completed the task under its Sadaqah e Zariyah program.

PROJECT MAYEEN

Clean Water through Project Mayeen

Our water projects are already providing services to more than **3000** people around the country with clean water. This reporting year, with the help of the donors we ensures 3 numbers of water sources till date. We set them in **Bharatkhalī, Paler Char and Jontir Kanda** giving 2,940 flood victim people access to fresh flowing water, every single day.

Impact

Those **3000+** people who no longer rely on contaminated water to quench their thirst

At least **500** girls who no longer miss school to walk miles for fetching their family's daily water supply.

More than **1,000** children & elderly people who are no longer susceptible to life-threatening water-borne disease, and countless animals who can now stay hydrated and healthy, offering their fresh dairy for consumption.

CHAPTER 5

Capacity Development

TECHNICAL TRAINING AND WORKSHOP

Fire Safety Training and Fire Drill

Foundation organized a day long training session on '**Fire Safety and Fire Drill**' as a part of its safety net program on June 14, 2021. Mr Saiful Islam, Bengal International Agency was the lead trainer of the program. Along with the basic fire safety lessons and fire drill he also enlightened participants about electric short-circuit, gas pipeline leakage and risks of cylinder gas. He also trained how to use fire extinguisher step by step. All the staffs and the children were trained under this program efficiently.

Technical Workshop on Creating Magazines

A workshop based on **creating magazine step by step** was organized on July 22, 2021. The workshop was conducted by Ms. Farhana Hasna Tuli, co-founder of Bookland Library and the moderator was Ms. Sifat-E-Azam, Executive Director, KKF.

All together eighteen participants joined the workshop. The main objective of the workshop was to develop the latent talents of the children and increase their reading and writing creativity. In the workshop how the magazine layout, content, design, naming and other things are prepared in a systematic manner were discussed in detail. At the end of the session certificates were given among the participants.

Workshop on Cartoon Making

On 18 June 2022 three children from Joy Shokol Shishur had participated a **cartoon workshop** organized by Bookland Library. Cartoonist Ahsan Habib conducted the cartoon workshop by himself and children learnt and enjoyed a lot through the workshop. At the end of the session children received certificates from Mr. Ahsan Habib.

Paramedic Training

KK Foundation organized a two-day long training session titled 'Paramedic- Emergency Medical Assistance' on December 07-08, 2021 in association with Katlamari Jewel-Kajol Memory Welfare Fund.

Twenty participants participated in the training session. The sessions were conducted by Dr. Shah Muhamad Sorif, MBBS, founder and chief advisor of Katlamari Jewel-Kajol Memory Welfare Fund, Mymensingh, Akhterujaman Sohel, Sub-Head Coordinator of the same organization, and Dr. Abdullah Al Muhit, Green Life Hospital. The sessions were the combination of both theory and practical lessons.

An evaluation were done through assessment and upon successful completion of that participants received the certificates.

VOCATIONAL TRAINING FOR UNDER PRIVILEGED TEEN

Introduction to Sewing (Beginners)

Five under privileged children received vocational training on 'Introduction to Sewing (Beginners)' from foundation.

Basic Crafts with Hand Paints

Basic hand paints on home décor, gift items and wood jewelry were taught to four under privileged children as a part of foundation's vocational training program.

YOUTH AND ENTREPRENEURS' CAPACITY DEVELOPMENT

Training help the employees to allow employers to pinpoint the knowledge and skills that a particular organization looks for. This can educate employees about new skills or provide updates on existing skills to enhance productivity. Considering this in mind foundation has launched a new program specially designed for its staffs named Skill Up by Simple Learn. Under this program on a regular basis foundation is going to develop the skill of its employee as per need.

The following trainings were conducted under this program:

Introduction to MS Excel Training

Microsoft Excel is one of the common and popular features of Microsoft Office. In our daily professional life, this is one of the most essential applications to make professional life easier. Foundation jointly with Thought organized a two days long training on Microsoft Excel, "Introduction to MS Excel" under "Youths' and Entrepreneurs' Capacity/Skills Development Program" on dated 6-7 August 2021.

The facilitator Mr. Md. Golam Kausain Joarder, an experienced accountant professional conducted the session. The trainer teaches basic Ms Excel, how to create a cash book, salary sheet, stock sheet and basic formula of Ms Excel. At the end of the session certificates were given among the participants.

Workshop on Business Etiquette and Effective Communication

Etiquette is a basic skill of a successful business. The art of portraying a poised, self-confident image in today's demanding working atmosphere is a skill that is much too often overlooked by many professionals. A large part of the successful image comes from knowing your particular business, an even greater part comes from knowing the basics of good manners. Good manners include everything from building good relationships and being gracious in social situations to dressing appropriately for any business setting.

Every contact employee has with other people is a reflection on the organization. As organizations are more focused on competing in a global market, appropriate etiquette becomes increasingly important. In some instances, even an inappropriate introduction could cost an organization thousand in lost revenue as well as reputation.

Foundation under its 'skill up by simple learn' program has arranged a workshop for its employee on 21 May 2022. Ms. Rafia Sultana, Assistant Director, KK Foundation, facilitated the program. The workshop covers how to introduce people to others, using formal names instead of first names, when and how to thank others, how to dress with executive poise, proper social interaction at receptions and parties, how and when to shake hands or greet others, navigating a formal table setting, handling meetings with ease, how to manage work space and appropriate interaction with co-workers.

Colleagues from both Development and Enterprise division has joined and enjoyed the session.

AWARENESS WORKSHOP

Social and Emotional Learning Workshop

Adolescents need social and emotional help. Every step of life they are learning new things like- how to handle new demands in school and social life, intense emotions (both positive and negative), and increasing feeling management that they need to be dealt without adult guidance. For the street children, this scenario is more challenging than others.

Social and emotional learning (SEL) programs of KKF are one way to help them navigate these difficulties. SEL programs try to help adolescents and distressed children to cope with their difficulties more successfully by improving skills and mindsets, and they try to create respectful surroundings and school environments that young people want to be a part.

In collaboration with Project Pothchola by Give Bangladesh on a regular basis foundation arranged workshop for the teen and adolescents for its Joy Shokol Shishur children. On 25th March 2022, Project Pothchola Team visited the program house and enlighten the children on self-awareness and self-management through an activity workshop.

Workshop on Menstrual Hygiene

World Menstrual Hygiene Day was observed on May 28 every year to break the taboos and end the stigma around menstruation. The day aims to raise awareness about the challenges regarding access to menstrual products, and education about menstruation and period-friendly sanitation facilities for all women. ***“To create a world where no women or girl is held back because they menstruate, by 2030”*** is the theme of the World Menstrual Hygiene Day 2022.

Though it was in May but Joy Shokol Shishur mentors organized a workshop on 28 May 2022 for the girls’ children of the house. Ms. Emon and Ms. Aklima jointly moderated the workshop.

Workshop on Expressing Emotions

As a part of foundation’s mental health awareness program jointly with project Pothchola foundation arranged a workshop for the shelter house children. The workshop topic was ‘*Expressing Emotions*’ and it was held on 25th June 2022. Total 67 children participated in the workshop.

In this workshop, the focus was on helping participants learn to move through and release difficult emotions and cultivate skills for learning how to self-regulate going forward. This workshop is for the big feelers and over-thinkers to learn how to navigate and manage emotions instead of constantly trying to suppress or fight against them.

Participants were given tools to practice in a supportive environment, and given additional resources throughout the session. The purpose of the workshop was to help the participants in following special segments:

- ▶ Let go of painful stories
- ▶ Be present to one’s feelings
- ▶ Reduce anxiety
- ▶ Move through resistance
- ▶ Stop overthinking
- ▶ Understand behavior and so on.

CHAPTER 6

Knowledge Management

EVENTS AND ACTIVITIES

National Mourning Day 2021

National Mourning Day was observed as a public holiday in Bangladesh on August 15 across the country. To observe the National Mourning Day 2021 in a befitting manner, Shelter House organized five days long activities.

August 11 "Tungipara'r Miya Bhai" a biographical feature-length film had been screened among the children. The film is based on the historical context featuring about the childhood and adolescence of the Bangabandhu Sheikh Mujibur Rahman.

August 12 A Quiz Competition based on Bangladesh, Bangabandhu and National Mourning day was organized for the children of age group 9-12. Total participants were 15

August 13 An Art Competition based on Bangabandhu and Bangladesh was arranged along with the older children belongs to 13-17 years. In total 13 children participated in the program.

August 14 Poem recitation competition was organized. 15 participants from 5 to 8 years participated in the competition.

August 15 Life story of the Bangabandhu Sheikh Mujibur Rahman was discussed through a workshop and posters and presentations were given by the children. Prizes are distributed among the children at the end through a ceremony.

Child Rights Week 2021

Every year, child rights week is observed in KKF. This year the theme was "***Invest for Children, Build Prosperous World (Shishur Jonno Biniyog Kori, Somriddho Bishwo Gori)***". Considering the theme foundation has designed its program in such a manner so that children of Joy Shokol Shishur program enjoyed the week through interesting activities and learning.

Quiz Competition

A quiz competition was held with children age group 3-7 years. Total participants were 30 and at the end of the competition, participants received prizes. **Meem** achieved the highest score, **Al-Amin** stood 2nd and **Nabila** obtained the 3rd position among the participants.

Debate Competition

On 10 October a debate competition was arranged with Azampur Govt. High School. The topic was 'Online Education Vs on Campus Education'. Ms **Sohagi Akter Meghla** became the best speaker in debate competition. All the participants and audiences have enjoyed the debate competition.

T-Shirt Painting Competition

To encourage the creativity and skill foundation introduced numbers of vocational training for the children based on their age and interest. Foundation provided soft skill training on fabrics, hand and brush painting. To know their area of improvement a t-shirt competition was arranged on October 09, 2021. Ms. **Akhi** achieved 1st position, Ms. **Sohagi Akter Meghla** and Ms. **Bristy** obtained 2nd and 3rd position respectively.

PROJECT SHISHUPUR

Shishupur Inauguration and Character Presentation

As a part of long-term awareness activities program foundation has planned to launch a program named Shishupur. The main objective of this program is to aware the children specially

focusing on underprivileged children on various issues related to their daily lives. Under this, it has introduced a few characters and a short awareness story. On the occasion of Child Rights Week, they inaugurated the characters with a short play where the characters introduced themselves.

Four Characters were launched and introduced among the guests. For this awareness program children of Joy Shokol Shishur Program have introduced four main characters. Dadu (Grand Father), Bhaiyun (Brother), Bunu (Sister), and Lalu (the Dog). With the help of these characters basically a foundation as a plan to disseminate its awareness messages among the mass. Characters will be increased later on as per the demand of the stories.

Honorable Chief Advisor Mr. Mahin Mazher and Senior Advisor Ms. Esha Mahin graced the session as chief guest and special guest. The session was moderated by Sifat-E-Azam, Executive Director, KKF. The occasion was held in the foundation's program office on November 1, 2021.

Martyred Intellectuals Day

Observed by the Children of Joy Shokol Shishur Program

Foundation has a plan to publish awareness book for the children. As a part, it has introduced its new project named 'Project Shishupur'. Children were informed about the theme of the project and told to prepare the characters for the book series. The last day of the week was all about the shishupur workshop.

World Aids Day

Since 1988, 1 December, the world commemorates World AIDS Day. People around the world unite to show support for people living with HIV and to remember those who have died from AIDS-related illnesses. This year the day was focused on a specific theme '**End inequalities. End AIDS. End pandemics.**'

Foundation organized a workshop and aware the children about the day along with coping up with the pandemic in a systematic manner.

Celebrating March 2022 in Memories of the Greatest Bengali Ever Bangabandhu Sheikh Mujibur Rahman

Speech Competition on 7th March 2022

The landmark fiery speech of Bangabandhu inspired the Bengalese to prepare for the War of Liberation. The nation celebrated the historic 7 March, commemorating the landmark speech of Father of the Nation Bangabandhu Sheikh Mujibur Rahman which was touted as indirect declaration of the country's independence in 1971.

Foundation also observed the day in its own way. It has arranged a speech competition for the Joy Shokol Shishur children. In the competition, 1st position was achieved by Sumaiya Akter Sufiya, Ishrat Jahan Tanni and Mehedi Hassan attained 2nd and 3rd position respectively.

Short biography of Bangabandhu was also discussed through a storytelling session among the children.

Birthday Celebration of Bangabandhu Sheikh Mujibur Rahman and National Children's Day

The birth anniversary of the greatest Bengali of all time Bangabandhu Sheikh Mujibur Rahman and National Children's Day is celebrated on 17th March every year since 1997. As usual the Women and Children Affairs Ministry has fixed a theme for the year. The theme is "Equal rights of the children, Commitment of Bangabandhu's Birthday".

KK Foundation also celebrated the days along with the children of Joy Shokol Shishur. Two competitions were arranged based on the age group- Essay Writing Competition by the children of the house. In essay writing competition Keya Akter obtained the 1st position and Asha Akter and Ismail secured 2nd and 3rd position respectively.

A small seminar was also arranged based on the theme "Equal rights of the children, Commitment of Bangabandhu's Birthday" for the KKF officials and children.

KKF observed Independence Day with Commemoration of War Martyrs

KKF commemorated the Liberation War martyrs whose sacrifices ensured Bangladesh's freedom from Pakistani oppression in 1971. The national flag was hoisted at sunrise in KKF premises to commemorate the occasion. Children visited Bangabandhu Sheikh Mujibur Rahman Novo Theatre and Bangabandhu Military Museum to celebrate the day.

Study Tour on March 26, 2022 (Novo Theatre and War Museum)

Celebration of Bangla New Year (1429) in a Different Manner

Foundation celebrated the Bangla New Year in a different manner this year. It distributed certificates among the 3rd batch participants of its Project U-Turn and also distributed Eid Gifts among all the participants who had completed the training earlier.

Foundation had the privileged to have Mr. Md. Mamunur Rashid, FCMA, (Honorable Governing Body Member KKF, Additional Managing Director, X - Index Group of

Companies and President, ICMAB) as the Chief Guest of the ceremony.

Mr. Mamunur Rashid expressed his gratitude to foundation to invite him in such a different types of occasion. He

conveyed blessings to all the participants and best wishes for their future endeavor.

Apart from the participants and Chief Guests all the senior officials of KKF, Give Bangladesh, and Bachte Chai were present in the occasion. Foundation is grateful to all its donors to make the event successful by helping these abandoned destitute members of the society.

KKF Organized an Experience-Sharing Session on International Women's Day

This year Women's Day theme was "Gender equality today for a sustainable tomorrow". Since the children are the future leader of any nation, to inspire and motivate them foundation introduced the youngsters of Joy Shokol Shishur Program with real-life corporate stars, and organized an experience-sharing session on March 8, International Women's Day.

X-Index Companies Limited is one of the leading groups of companies in Bangladesh. Here a number of female employees are working successfully in different departments. From the shelter house program, fifteen youngsters, aged twelve to fifteen years, came to visit them and to get inspiration for their future.

Ms. Kaniz Samdany Neera, Vice President, Corporate Branding and Media, X-Index Companies has shared her inspirational story with the children. Mr. Badruzzaman Chowdhury, Head, Human Resource Management and Mr. Anowaruz Zaman, Head, People Management, X Index Companies were also present in the occasion and shared the experiences of the significant women who played an important role to bring them here in this successful position.

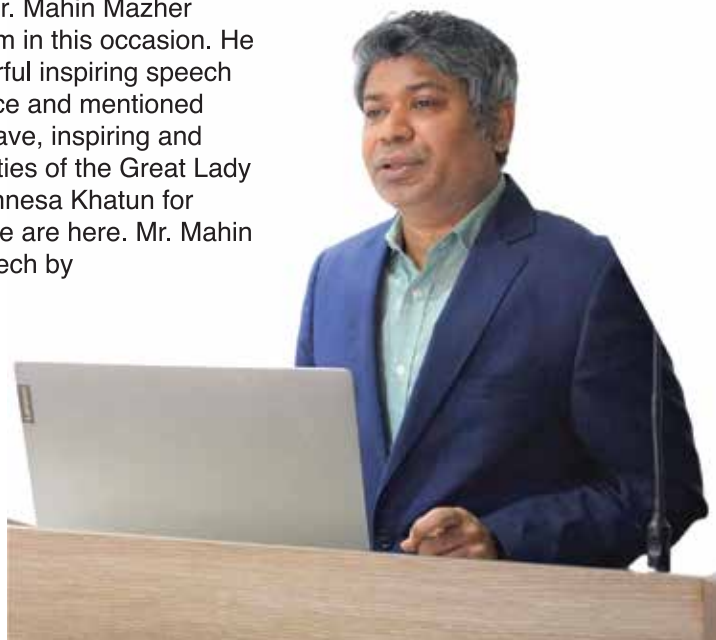

Honorable Governing Body Member, KKF Mr. Mamunur Rashid, FCMA, Additional Managing Director, X-Index and President, Institute of Cost and Management Accountants of Bangladesh (ICMAB) was also present and graced the occasion. In his speech he mentioned that women spirit of moving forward amidst all sort of struggles and inspire all of us. On this occasion, he wanted to salute the youngsters and all women of the world for their immense strength and making this world beautiful.

Foundation is extremely honored and happy to have the Chief Advisor, KK Foundation and the Managing Director of X-Index Companies, Mr. Mahin Mazher along with them in this occasion. He gave a wonderful inspiring speech for the audience and mentioned numbers of brave, inspiring and dynamic activities of the Great Lady Syeda Kamrunnesa Khatun for whom today we are here. Mr. Mahin ended his speech by saying a valuable statement for all.

**"We need to stand together
LEAVING NO ONE BEHIND for
achieving GENDER EQUITY and
WOMEN EMPOWERMENT"**

Mr. Mahin Mazher

The youngsters also visited KKF Head Office and shared their personal views and opinion with Ms. Sifat - E - Azam, Executive Director, KK Foundation. The program was moderated by Ms. Rafia Sultana, Acting Head, Admin, KKF and all the staffs from program office and head office were presented and graced the occasion.

IFTAR AND EID CELEBRATION

Iftar Party

An iftar party was organized for the donors, staff and shelter house children dated March 27, 2022, at the premises of KKF Program office. Along with all the staff and donors, the honorable Senior Advisor Ms. Esha Mahin was also present and graced the occasion.

A special prize-giving ceremony was arranged for the disciplined and extraordinary performance of few children in the month of Ramadan. The Senior Advisor distributed the prize among the participants.

Eid Card Competition

On the occasion of Eid ul Adha (2021) a card competition was organized by the children of Joy Shokol Shishur. The children were divided into three groups as per their age and prepared Eid cards as the requirements of the competition. Prizes are distributed among the winners at the end of the competition.

Chand Raat Celebration

Like every year shelter house children celebrated the Chand Raat. They put mehendi in their hand and decorated the house.

Eid Dress

All the children received their eid dress, shoes and relevant cosmetics and jewelry for the Eid.

Dia Bari

On the occasion of Eid-ul-Fitr, the children of 'Joy Shokol Shishur' went to Uttara Dia Bari on May 4, 2022. Senior staffs of the shelter house program accompanied the children. Children enjoyed the evening at their best.

PICNIC 2022

A Day Out in Fantasy Kingdom

The COVID-19 pandemic has caused incredible impacts on people's travel behavior. Since the last waves of Covid 19 Omicron and Delta were in bad shapes at the earlier of this year KKF could not arrange a picnic for the shelter house children. Since the situation is getting better on May 22, 2022 after the end of children's final exam a day trip was arranged to Fantasy Kingdom Theme Park.

All the children enjoyed at their level best and dis numbers of fun activities, happy rides, photo session and lunch over there.

World Day against Child Labor

The World Day against Child Labor was observed in KKF on July 12, 2021. This year, the theme was 'Act Now: End Child Labor'. Amid the coronavirus pandemic and global crisis, there has been a drastic surge in child labor across the world due to people facing employment woes. Foundation aware it's children regarding child labor through a day long activity-based workshop.

Pitha Festival

Children of Joy Shokol Shishur Program enjoyed pitha festival through an in-house celebration. This year children prepared the pitha on their own and celebrated the events for three days.

May Day 2022

Every year there is a different theme for Labor Day, but for 2022 no theme has been assigned. So nationwide it continued with the 2021 theme "maintaining safety and security at the workplace" to raise awareness about the Coronavirus pandemic. An awareness workshop was arranged in the program office where

School Dress Distribution

The children under the formal education programs received school uniform from the Foundation for their new classes.

Awareness Drama on Child Labor

Worldwide, every year 12 June is celebrated as Child Labor day. The theme for World Day against Child Labor 2022 is "Universal Social Protection to End Child Labor." The theme is dedicated to the cause of increasing investment in social protection systems and schemes to establish solid social protection for protecting children from child labor.

Shelter house children arranged an awareness drama considering the day. All the children along with program office staffs enjoyed the drama by the children.

Celebration of Modhu Mash with Project Mamar Bari

The bengali month Jaistho is well known as the 'modhu mash' which means the month of sweets or honey as most of the summer fruits of Bangladesh are available during this period. As a part of foundation's food and nutrition program it has arranged ten days long program from July 03 -13, 2021 for the children of Joy Shokol Shishur program. Children named the program as project mamar bari and enjoyed mango, litchi, jackfruits, blackberries, wax apple and other summer fruits as a part of the project activities.

In May and June 2022 they celebrated two week long fruit festival at Joy Shokol Shishur premises.

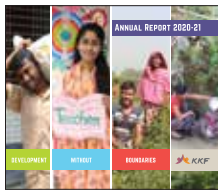

Congratulations to Honorable Governing Body Member Mr. Md. Mamunur Rashid, FCMA

Honorable Governing Body Member Mr. Md. Mamunur Rashid, FCMA has become the President of the Institute of Cost and Management Accountants of Bangladesh (ICMAB) for the term 2022. Foundation is extremely honored and proud of his achievement.

Administration and Human Resources

Admin 2021-22

KKF's Human Resources Policies are approved by the management; and all staff members have been provided with an orientation through a series of meetings. Under the performance appraisal system, evaluations are carried out every four months. This is expected to result in more frequent interactions between the staff and the supervisors along with timely feedback and support for the staff to perform better.

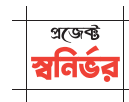

Review, Coordination and Planning

To review, coordinate and monitor the activities of the Foundation, senior employees of KKF meet at the Staff Coordination Meeting. The review agenda relates to the inter-departmental coordination and collaboration to ensure more integrated and complementary actions in terms of both organizational and administrative activities. It provides the opportunity for the staff to interact and discuss issues relating to various departmental operations. The employees also discuss the organizational strategies and plans.

KKF Team

For operating the activities smoothly, the KKF programs, capacity development and knowledge management divisions of KKF have an excellent team of professionals having high proficiency. The regular core program group comprises well-coordinated and dedicated team members who manages the task effectively and efficiently. Besides, KKF draws training scholars from reputed national and international arena and institutions across the world.

Programs

Finance & Accounts

The Finance and Accounts Division of KKF maintains the overall financial accounts and manages related budgetary activities, ensures financial transparency of the Foundation, and aids in effective management decision making. The Department ensures compliance and accountability. It records and stores financial data for management use, enabling a dynamic supervisory framework and the comprehensive monitoring of KKF's diverse programs. The Foundation has significant internal control policies and conducts annual Audits by independent external auditors.

KKF's Finance and Account division has four specific functions, which are often interrelated. These functions are:

- Recording Financial Transactions
- Strategic Management Accounting
- Recording Financial Transactions
- Financial Reporting
